STEP ABOARD THE FUTURE.

From the moment it comes into view, you'll know the 56 Cruising Motoryacht represents the future direction for Maritimo. Its silhouette instantly conveys a sleek new look, including a more raked bow and a longer flybridge.

Of course, the 56 still retains trademark features like secure walk-around decks and an internal staircase to the flybridge. Not to mention Maritimo's famous, performance enhancing 'hidden' features – an advanced variable deadrise hull, engines and fuel tanks over the centre of buoyancy, and a miniscule shaft angle of just 9 degrees that, combined, deliver incomparable performance and economy.

Further investigation reveals a re-designed and incredibly spacious three cabin, two bathroom layout below deck while the saloon, galley and cockpit are all on one level, providing a huge area, perfect for entertaining.

But the fun doesn't stop there! Upstairs, the flybridge provides another comfort zone where skipper and guests can enjoy the views, performance and even the fresh air via the sliding doors onto a balcony aft.

There's innovation everywhere, right down to the optional new boarding platform that can be raised or lowered and is big enough to place a deck chair on to cool your heels, literally.

The new Maritimo 56 Cruising Motoryacht. It truly is oceans apart.

The Maritimo vessel in this specification sheet shows manufactured vessels for a particular geographical market and individual specification. They include standard and optional equipment and accessories that may be subject to change without notice.
